

**DETAILED SYLLABUS FOR THE POST OF LIBRARIAN GR. III IN STATE
CENTRAL LIBRARY - DIRECT RECRUITMENT**

Total Marks: 100

Module 1- Foundations of Library and Information Science (10 Marks)

Library as a Social Institution

Social and historical foundations of library; Different types of libraries: their distinguishing features and functions; Role of library in formal and informal education.

Normative Principles of LIS

Five Laws of Library Science; Implications of the five laws in library and information activities.

Library Development

Development libraries with special reference to India; Library movement of Kerala.

Laws relating to Libraries and Information

Library legislation: need and essential features' Library legislation in India, Kerala Public Libraries Act; Press and Registration Act and Delivery of Books (Public Libraries) Act and Copyright Act.

Library and Information Profession

Attributes of profession; Librarianship as a Profession; Professional ethics; Professional associations and their role: IFLA , ILA, IASLIC, IATLIS, CILIP, SLA, ALA, and ASLIB. Professional education and research.

Promoters of LIS

UNESCO, FID, IFLA, UGC, RRRLF.

Resource Sharing and Extension Services

Resource sharing

Library consortia: ShodhSindhu, FORSA, CeRA, Library extension services, library publicity

Library Networks: OCLC, NICNET, DELNET, INFLIBNET

Library public relations

Module 2- Knowledge Organization: Library Classification (10 Marks)

Universe of Subjects

Structure and attributes, modes of formation of subjects.

Library Classification

Library classification and its functions. Need and purpose of library classification.

Enumerative and faceted schemes.

Mapping of the Universe of Subjects

Mapping of the Universe of Subjects in the major schemes of Library classification (DDC, CC, UDC and LC)

General Theory of Classification

Normative Principles for Idea Plane and Verbal Plane; Principles for Helpful Sequence; Facet Analysis as used in the CC; Principles for Facet Sequence; Postulation procedure; Devices to form and sharpen isolate numbers.

Notation System and its functions

Qualities of a good notation system; Hospitality and Mnemonics; Zone analysis

Facet Analysis and Fundamental Categories

Concept of facet analysis Fundamental categories Principles for facet sequence

Call No., Class No., Book No., Collection No.

Module 3- INFORMATION AND COMMUNICATION (10 Marks)

Information

Characteristics, nature, value and uses; Conceptual difference between data, information and knowledge

Communication

Channels – formal and informal; models; barriers, Trends in scientific communication

Library, Information and Society

Information Society: genesis and characteristics; Intellectual Property Acts; Right to Information Act; Fair use provision, censorship, data security; National policy of information; Open access movement.

Module 4 INFORMATION SOURCES (10 Marks)

Physical media of information

Evolution of physical media; Classification of information sources – Print and non-print; Documentary and Non-Documentary; Primary, Secondary and Tertiary Sources of Information -- their categories and characteristics.

Ready Reference Sources

Evaluation Criteria; Detailed Study of dictionaries, encyclopaedias, yearbooks, directories, biographical sources, geographical sources, statistical sources, sources of current information.

Electronic Information Sources

Definition, characteristics and types; Information in the Internet – E-books, E-journals, information gateways, table of contents, preprints, discussion forums, technical reports, OPACs, Campus Wide Information Service, ETDs, Patents, reference sources, search tools, subject directories, Courseware, software.

Prominent sources in different subjects

Abstracting and Indexing periodicals, databases, ready reference sources – dictionaries, encyclopaedias, yearbooks, directories, biographical sources, geographical sources, handbooks and manuals and statistical sources

Multimedia & E- resources

Databases, Portals, Subject Gateways; Open Access Resources

Module 5 INFORMATION PRODUCTS AND SERVICES (10 Marks)

Information Users and their Information Needs

Categories of information users; Information needs, definition; Types and models; Information seeking behaviour

User studies, methods, technique and evaluation

Reference Service

Concept, definition and trends, virtual reference service, examples of electronic reference service; Reference Interview and search techniques.

Information Services and Products

Information services, concept, definition need and trends, Alerting services – CAS, SDI, technique, evaluation. Bibliographic, Referral, Document Delivery, Referral centres

Personalized Information Services

Abstracting and Indexing services; Document Delivery Services; Translation, Reprography

Information Systems and their Services

Study of national, International Systems and Services, NISCAIR, DESIDOC, NASSDOC, SENDOC, UNISIST, AGRIS, MEDLARS, OCLC

Module 6 LIBRARY AND INFORMATION CENTRE MANAGEMENT (10 Marks)

Library House Keeping Operations: Technical Operations

Different sections of library and information centres and their functions. Collection development: Acquisition procedures: selection, ordering, accessioning and stock editing. Technical processing: Classification, Cataloguing and physical processing.

Library House Keeping Operations: Reader's services

Maintenance of documents: work with new, returned, damaged and lost documents. Stock verification, binding, care, preservation and restoration of print and electronic documents. Circulation control: Charging systems, interlibrary lending. Serials control: Selection, ordering, receipt and display. Special collections

Library Finance

Sources of Finance; Library Budget, Budgeting and Accounting

Library Building

Library building, furniture and equipments, Space requirements and space management
Green library building, Information Commons, Makers Spaces, security and safety
E-resources management, technology and change management, Disaster management and crisis management

Human Resource Management

Planning, job analysis, job description and job evaluation Recruitment, selection, induction
Continuous professional development Motivation, training and development Performance appraisal
Stress management and time management

Library Records and Statistics

Library rules; Staff Manual; Library Statistics. Types of Report: Annual report, Progress / Review reports.

Module 7 CATALOGUING AND METADATA (10 Marks)

Bibliographic Items

Bibliographic record and its structure and functions; Different kinds of bibliographic files; FRBR; Library catalogue and its functions; Classified and Dictionary Catalogues; OPACs

Bibliographic Description

Principles of Description; Standards for Description: ISBDs, AACR-2, RDA. Bibliographic Record Formats – ISO 2709 and the MARC family of Formats, MARC XML.

Subject Indexing

Problems in subject search and retrieval; vocabulary control; Thesauri

General Theory of Subject Indexing Languages

(SIL) of G. Bhattacharyya

Indexing Systems

Lists of Subject Headings, Chain Indexing, PRECIS, POPSI; Automatic Indexing; Natural language indexing

Metadata

Types of metadata and their functions; metadata standards: Dublin Core

Module 8 INTELLECTUAL PROPERTY RIGHTS (10 Marks)

International Treaties on IPR

Berne Convention; Universal Copyright Convention; Stockholm Conference; Paris Conference; WIPO Copyright treaty; GATT; TRIPS.

Copyright Law of India

Copyright law of India and its amendments.

Patent Law of India

Patent law of India and amendments

Implications of IPR

Protection of web-based content; Copyright and libraries; Copy left movement; Creative Commons; Plagiarism.

Module 9 INFORMATION TECHNOLOGY APPLICATION IN LIS (10 Marks)

Library Automation

Planning and Implementation, Automation of in-house operations- file requirements for Acquisition, Cataloguing, Circulation Control, Serials Control, OPAC and Library Automation Packages: KOHA, E-Granthalaya.

Communication Technology

Fundamentals of Telecommunication Technology, Media, Mode and Components, Network Media, UTP, Optical Fibre, Ethernet, Network Interface Card, Hubs, Routers, Modem, Network Types and Topologies: LAN, MAN, WAN, Wireless, Bus Star, Ring and Token Ring: Local Area Network Types and Topologies.

Internet

Basic Features and Tools; Net Based Information Services, Connectivity: Dial Up, Lease Line, ISDN, Digital Subscriber Lines Protocols: FTP, HTTP Web Browser: Internet Explorer, Mozilla Firefox, Chrome; Web Servers, Web Tools, Search Engines Video Conferencing; Web 2.0 Tools and Services; Internet Security, Cloud Computing.

MODULE 10 DIGITAL LIBRARIES (10 MARKS)

Digital library: definition, scope and characteristics Major digital library initiatives in the world and in India

Institutional Repositories

Institutional repositories-concepts, characteristics, need and purpose

Institutional repositories in India

Design and architecture of institutional repositories Contents and standards of institutional repositories Institutional repository software – DSpace. EPrints, Fedora ROAR, DOAR, SHARPA-ROMIO

Application of Emerging Technologies in Libraries

Application of Artificial Intelligence, Expert Systems, Robotics, Machine Learning, Block Chain technology, Cloud computing, Virtual Reality and Augmented Reality in libraries

Role of libraries in Research Data Management

NOTE: - It may be noted that apart from the topics detailed above, questions from other topics prescribed for the educational qualification of the post may also appear in the question paper. There is no undertaking that all the topics above may be covered in the question paper
